correspondence mailed to the missing inventor, i.e. Karen Stark. The Decision indicated that the initial Petition mailed May 29, 2002 had satisfied 37 C.F.R. 1.47(a), except for "(2) factual proof that the missing joint inventors refuse to join in the application or cannot be reached after diligent effort." 1. Declaration of Karen D. Stark, which sets out her personal knowledge of the attempts to obtain executed declaration documents.

Assignee respectfully requests approval of the present Renewed Petition Under 37 CFR 1.47(a) upon the submission of the Declaration of Karen D. Stark outlining the failed attempts to locate the missing inventor, Kevin Whitley; and further requests that the present application be accepted for national stage processing without the signature of one of the joint inventors.
